Peter, the two documents represent a somewhat clean and a not-so-clean version of the latest Gaps document. The sections on small/medium fish bearing streams and on non-fish bearing streams are on page two.

Subject: The "Forestry Gaps" Document

As promised, here are two versions of the latest Draft Internal "Forestry Gaps" documents. One is a clean version with all the revision incorporated and the other is with redline/strikeout and oodles of very long comments, including from me based on input some of you provided. I did make one change today which was to add "Internal Document" and today's date to the header.

So, end of the day Tuesday, 2/10/2015 is the requested deadline for your input. Thanks.
